

NAVIGATING THE ROAD TO RENEWAL – PARTNER PAIRS

April to June 2018

Greetings! We have assigned partner pairs below. Why a partner pair? The intention of a partner pair is to provide 1:1 time with an ally as you walk the path of practice, informed by learnings from our April 13-15 retreat. Recommended for partner pairs:

- Meet for a minimum of 30 minutes, once a month or, twice a month where there is mutual energy and agreement. Months for meeting would be May, June, and July (post program, on the honor system).
- Of those 30 minutes, dedicate at least 5 minutes per person, for uninterrupted sharing. The person who is not speaking is listening deeply. Ensure each person gets his or her time. Use the balance of the time as desired to explore each person’s renewal and path of practice.
- Questions: What practices are stirring in your life? Where are your practice challenges? What benefits are you seeing? What support would you value?

Thanks,

Kim, Charlotte and Roger
